Assessment

The patient exhibits symptoms of fatigue, weakness, sore gums, and bruising. Upon examination and reviewing the patient's dietary history, it was noted that there has been a lack of fresh fruits and vegetables, particularly those high in vitamin C.

Diagnosis

Scurvy - A disease caused by vitamin C (ascorbic acid) deficiency, leading to symptoms such as gum disease, skin issues and general weakness.

Prescription

- Ascorbic Acid 500 mg, twice daily for 2 weeks.
- Regular follow-up after 2 weeks to monitor improvement in symptoms and vitamin C levels.
